

SPACE 1026

ANNUAL ART AUCTION

2009

About Space 1026

Space 1026 is a gallery, studio space, and group of artists based in Philadelphia, PA. We have spent the past 12 years supporting local and international artists through our creative community.

Our members work in a wide variety of media - from printmaking to wood cutting to video arts - and have produced a great number of successful projects, including Small Change Screenings, Sweatheart, Padlock Gallery, Free News Projects, Cars Will Burn, Cantab Publishing, Art Joke Club, The Bookmobile, and Megawords Magazine, among many others.

Over the Past Year...

Our monthly gallery exhibitions included artists such as AJ Fosik, Andrew Schoultz, Derek Wesiberg, Shawn Brackbill, Bill Daniel, and Seripop. 1026 also opened our doors to comedy revues, performance art, and music shows, including Chain & the Gang, Trutheater Theater, Algernon Cadwallader, and ROTFLOL.

Beyond Arch Street, we've done music and comedy tours across the US, and have shown our work in galleries from San Francisco to Rome to Copenhagen. This coming January, we're looking forward to our collaborative installation here in Philadelphia at the Print Center.

Art Donations

Our annual auction helps ensure that Space 1026 can continue to offer our gallery to promising artists from all over the world, open events to the public, and provide a collaborative and supportive environment to the Philadelphia community. Not only does the auction support Space 1026 and our undertakings, but it provides an accessible way for a new audience to discover great and affordable art. Thanks to so many donations and enthusiastic participants, last years' auction was a great success.
